SMILE.

When a thing is past the mending, Let it go without a word; Signs and tears and talk unending Are as useless as absurd.

Evil speech can scarce more harm than Than the south wind passing by; Let not calumny alarm the heart, Words unchallenged soonest die.

FAMOUS SONGS.

He was a wise man who said let me make the ballads of a nation, I care not who makes the laws, for the singing of a song has made a president, honored king, turned a country to run rivers of blood, turned a populace into a howling, maddened mob, reduced a man to a passion of tears, aided in starting revolutions, cheered armies to victory, and marked historical epochs.

There are songs that have wrung a sob from the strongest and turned to laughter the most serious. And, after all, what can touch the chords of the human emotions like a song?—George Fortis, in "The Scrap Book."

WHARTON GROVE CAMP.

Weather Ideal.—Able Speakers and Interesting Meetings.—Large Crowd Sunday.

Wharton Grove encampment began its seventeenth annual session at its grounds near Weems under favorable conditions Friday of last week. As usual, the first day was occupied in getting ready, and Saturday, being an off day, there was not much doing until Sunday. With Sunday, however, as is always the case, came the crowd—the largest in the history of the camp.

The usual large number of small craft—gasoline and sail—occupied every available tying place on both sides of the long wharf, from pier-head to shore, and anchored off abreast the ground were schooners, gasoline boats and four fishing steamers. In addition to these there were two steamers moored at the wharf, one the Mobjack, from Norfolk, with several hundred on board. The Pennsylvania, from Newport News and Old Point, also burdened with human freight, landed at Weems, as did also a fishing steamer.

The tabernacle was not half large enough to accommodate those who wanted to hear Dr. H. M. Wharton at the Sunday morning service, or Rev. Joseph T. Watts in the afternoon, and at each service every available seat was occupied and hundreds were standing on the outside. Dr. Wharton sang a solo before his sermon in the morning, and twice during the sermon his clear voice rang out with a verse of a sweet hymn appropriate to the subject and impressive in the extreme.

Who has charge of the Baptist Sunday School work of the State, told what his department was doing, what the possibilities were, and how to accomplish the most good out of the work. This service was particularly instructive to Sunday School workers and interesting to all, whether engaged in church work or not. Mr. Watts is a forceful speaker and an able worker in his denomination.

Monday, Tuesday and Wednesday the usual services were held. Rev. G. W. Berryman, D. D., pastor of the First Baptist Church, Norfolk, arrived Monday night, who, in connection with Rev. C. I. Jackson, D. D., of Philadelphia, much beloved by our people, and Dr. Wharton, is doing some able preaching. A more eminent trio, and one capable of greater work, than Doctors Jackson, Wharton and Berryman would be hard to find.

On Wednesday night Dr. Berryman delivered his famous lecture, "Wanted—A Man," to a large and appreciative audience.

Thursday was Children's Day and the grounds and everything else they wanted was theirs. In some instances children mean the young and small, but not so on this day. While the young and small were given precedence, all sizes and all ages were present. After the exercises lemonade and cake were dispensed in abundance.

Mrs. Ernest W. Meekins, of Irvington, is presiding at the organ and has charge of the music, which is evidence of its high standard. The choir, composed of local talent, is giving her able support and the musical part is possibly better than for years.
